DISCLAIMER

Tile, by the nature of the product, is a material that is subject to variation in veining and/or color as well as technical specifications including but not limited to DCOF (Dynamic Coefficient of Friction). This is due to the variability of the natural raw ingredients and the production process itself. Any misuse of the product by the customer including physical or chemical abuse, or negligence is not covered under warranty. Installation defects or deficiencies are not covered by this warranty. Any defect visual or otherwise that is apparent prior to installation is not covered by this warranty. Samples and merchandising are for general reference only. When alternative/restorative floor treatments are employed it is the responsibility of the manufacturer of such floor treatments to verify compatibility and offer any product warranty/guarantee. Some treatments alter the tile surface characteristics and may involve alternate or increased maintenance procedures that may be inconsistent with Crossville's original product recommendations.

In no event shall Crossville's liability on any claim exceed the purchase price paid for the product.
