This room scene is for illustrative purposes only. No two floors are ever the same. These natural wood planks have a high level of variation which can include knots, mineral streaks, color, and grain variations. Nature individualizes each plank to show its unique beauty.

NATURAL FOREST™ | SOLID HARDWOOD

A Classic Choice for Natural Beauty.

Solid hardwood flooring represents traditional craftsmanship at its finest. Made from a natural, sustainable resource, Natural Forest™ offers unmatched longevity and character. Valued by homeowners, solid hardwood flooring brings warmth and richness to every room. Choose from multiple color options and species, as well as varying gloss levels - discover a range of options catered to any design preference.

- Solid hardwood is a product of nature, where no two trees grow alike, which means that there will be natural variation to every plank.
- Beautiful designs featuring a mix of light and more traditional colors, including a protective urethane with aluminum oxide finish.
- Hardwood is designed to look great and perform even better. Uncompromised product quality means your floor will stay beautiful for generations to come.
- Solid hardwood can be sanded and refinished up to **3 times****, making this flooring choice a long-term investment that adds resale value to your home.

Solid hardwood is a natural product. Color, grain, texture, knots, and other characteristics will vary from plank to plank. Samples and photography are representative only and may not reflect the full range of natural variation. Variations in character and color from the sample should be expected. These unique differences are part of the beauty of genuine hardwood and are not defects. Because no two planks are exactly alike, your floor may vary in visual appearance between this sample and the product received.

*For widths greater than 3-1/4″, glue assist is required. See installation instructions for additional details.

**See limited warranty for additional details, including use of AHF Products recommended adhesive for enhanced warranty coverage.
